

I am John Barbarula, a successful business owner and tenacious attorney and I'm asking for your vote for NJ State Assembly for district 25.

Why should you vote for me over anyone else. Because I am the one person who will work tirelessly, 24/7 for YOU, the taxpayers of this great state and constituents of District 25.

I am a fighter. By profession and by character. I fight for what's right and believe that what Governor Murphy and the current Trenton legislators are doing, is completely wrong.

I am seeking this seat to fulfill my passion and commitment to public service.

I am a third generation New Jersian and a 25 year resident of the 25th District. By profession, I am an attorney since 1977, owning my own office in Butter, New Jersey. I have been a Special County Counsel for 21 years. I've been married for 35 years to Joan (Carton) Barbarula and have two grown children, Melanie and Michael.

I am the right person at the right time for this Assembly seat.

I have for 40 years supported Republicans from mayors to senators in their campaigns and office because I believe New Jersey is best represented by Republicans and with the right effort, we can get our great state back on track to being financially solvent. We need to create a quality of life that is affordable for our families so that our children and grandchildren can make their life here and not move away.

Through my practice I have appeared before almost all of New Jersey's boards, agencies and departments. I have worked with Democrats, Republicans and independent voters in numerous areas in my business.

When I go to Trenton I will look to making New Jersey livable again by taking the following steps:

- Conduct comprehensive reviews of the numerous agencies and departments, with an eye towards illation or merger
- Review rules and regulations for current relevance and duplications
- Introduce a 2.5% budget wide spending cut
- Cast 'NO' votes on all new proposed taxes
- Move to remove New Jersey from sanctuary status
- Support our President and his America First Agenda

I ask for your vote on November 21st for NJ State Assembly. I am John Barbarula and I give you my word, that you will be happy and proud that you did.
