

Sarah Neibart is a 26-year resident of Legislative District 25. Sarah has deep roots in this community, growing up in Morris Township and attending Morristown High School. Sarah moved to Mendham Township in 2016 where she currently serves as the Deputy Mayor. In this role, Sarah has focused on increasing shared services opportunities with neighboring municipalities and fighting property tax increases for all of her residents. Additionally, Sarah serves as a Board Member for Daytop NJ, Morris County Arts, and the Spring Street Community Development Corporation.

Sarah is leading the fight against the growing problems posed by excessive taxes. In 2017, Sarah founded Citizens for Accountable Taxation (CAT), an organization that seeks to educate New Jersey residents on our highest-in-the-nation property taxes and the negative impact that these taxes have on residents and businesses across the State. CAT's current campaign is Fair Property Taxes for all New Jersey: <https://fairpropertytaxesforallnewjersey.com>.

Sarah is also a Republican political and public affairs professional. She worked as Deputy Campaign Manager for Bob Hugin's Campaign for the United State Senate. Before that, she served as the Statewide Political Director for Lieutenant Governor Kim Guadagno's Campaign for Governor. In 2016, Sarah was the Campaign Manager for Scott Garrett for Congress and the National Ballot Access Director for the Chris Christie for President Campaign.

In March 2018, Sarah entered public service when she was appointed to the Mendham Township Committee. In November 2018, Sarah was re-elected and was voted Deputy Mayor by her colleagues in January 2019. While on Township Committee, Sarah has served as the liaison to many committees. Sarah was integral in the formation of the Ad Hoc Shared Services Committee by leveraging her relationships with elected officials in neighboring towns.

During her time in elected office, Sarah has voted against every proposed tax increase and has been an avid fighter for ensuring affordability for our middle class families.

Sarah has learned the hardships and red tape that municipalities and businesses statewide face under this liberal Democratic administration. With people of all ages fleeing New Jersey in record numbers, Sarah will be a steadfast voice against bad economic policies, outrageous overdevelopment of our communities, and will look to repair the school funding formula that contributes to our highest-in-the-nation property taxes.

The Democrats are coming for this district in 2020 and Sarah understands how important it is to win. LD25 is located in the most expensive media market in the country and we need a candidate who is able to compete against the hundreds of thousands of dollars that the Democrats will pour into this district. Sarah has financially supported Republicans up and down the State for many years and is committed to doing whatever it takes to strengthen the Republican Party in LD25 and beyond. She has a vast fundraising network and is prepared to put her personal money into this race to retain this incredibly important seat. Now, more than ever, we need checks and balances against the Murphy Administration's radical agenda that is crushing our families and ruining our communities. Sarah will be a steadfast voice against these irresponsible policies and will consistently fight for a better way.
